

Wherever the language of orthopaedics is spoken, medical professionals rely on

THE JOURNAL OF BONE & JOINT SURGERY
JB&JS

To keep up with advances in orthopaedic surgery, you should receive your own full issue of *JBJS* every month.

More comprehensive articles and in-depth features are published in *JBJS* than in any other orthopaedic publication. And more orthopaedic surgeons on every continent read *JBJS* to give their patients the best care possible.

You'll find *JBJS* indispensable. Each month brings you —

- **17-20 authoritative scientific articles** appearing for the first time anywhere
- **Case Reports** that further your clinical knowledge
- **Current Concepts Review** that keeps you on the cutting edge
- **Specialty Update** that alerts you to what's new in a different specialty each month
- **Plus** commentary and perspectives, surgical techniques video supplements, and much more

FREE access to JBJS Online | www.jbjs.org

The World's Repository of Clinical Knowledge in Orthopaedics

When you need answers fast, depend on JBJS Online. Full access to JBJS Online is *free* to all *JBJS* American Volume subscribers. Just a few clicks bring you to current and past issues.

Fast, in-depth search with full text just a click away. **Streaming videos** that demonstrate surgical techniques. A **Personal Online File Cabinet**

for keeping important articles, images and search results. **Subspecialty home pages**. **Email updates**. **Podcasts**, and more.

Plus our ever-popular Image Quiz, where we show you the images and case summary and you make the diagnosis.

No matter where in the world you are, make *JBJS* and JBJS Online a regular part of your practice.
